

April 16, 2015

Welcome to the 34th Annual Dallas Chapter CCA Banquet and Fundraiser. We have a great program tonight and appreciate your attendance. *CCA TEXAS* was formed in 1977 as a marine conservation organization that has grown to over 70,000 concerned recreational anglers and coastal outdoor enthusiasts. *CCA TEXAS*' unmatched breadth and depth of volunteer involvement has made it the largest marine conservation group of its kind, enacting positive change on all levels of coastal marine conservation and management. Our recent program, the Cedar Bayou Restoration project (www.restorecedarbayou.org) has once again allowed Gulf water to flow in and out of Mesquite Bay, bringing a significant recruitment of fish, and expected to have positive impacts to nearby San Antonio and Aransas Bays. And our *Habitat Today for Fish Tomorrow* continues to provide huge dividends in the restoration of habitat. Please see more information at www.CCATexas.org

Your attendance and contribution tonight will allow *CCA TEXAS* to continue the work that has helped our coastal environment and fisheries for 38 years. *CCA TEXAS* is organized to advise and educate the public on the conservation of marine animal and plant life along the coast, both inshore and offshore. We achieve these goals by sponsoring several programs: research and fish restocking, communication and education, addressing legislative issues affecting our marine resources, providing legal representation, and other special programs.

Thanks to all of our sponsors for their continued support of our efforts, and special thanks to our Executive Committee members who have worked to bring tonight's event to you.

Sincerely,

Hal Thomas

DallasCCA Conservation Sportsman of the Year

Sam Caldwell

Sam Caldwell
Texas State Artist 2004
www.samcaldwell.com

Sam Caldwell is the consummate gentleman in anybody's book. He has spent much of his life giving to others, and we are graced by the gifts he has provided our sport, our organization, and our conservation efforts. For all of his talents, not all are seen on Sam's canvas. Many can be seen on the faces of the lives he's touched through his contributions across the US.

Tonight, Dallas CCA wants to recognize Sam and all his gifts for the promotion of CCA's cause. His numerous paintings of coastal scenes, gamefish, waterfowl, and people have benefitted countless charity functions to raise money to support our efforts.

Sam has spent most of his life in Houston, lately in his personal gallery and studio in Kingwood, TX. Sam's art is primarily in transparent watercolor, and he seeks to capture

the atmosphere of the moment, as well as the color and drama inherent in his outdoor subjects.

Early in his career, Sam became involved in outdoor organizations like CCA and Ducks Unlimited. He remains deeply involved in promoting coastal scenes as fine art, and many organizations enlist Sam help generate funds for their causes. Sam was among the few donating his art work to the first CCA (GCCA) benefit banquet in 1978. His work has been featured for years in the annual Texas Parks and Wildlife Regulation publication and was the choice for TPWD Expo posters in 1993 and 1994, and the 1995 Operation Game Thief poster. The *Texas Parks and Wildlife* magazine also featured his work in their first-ever art center spread, which also generated a large sum at the Expo auction. All have become classic outdoor images from the 90's.

Sam's work has also helped raise funds and awareness for the Sea Center Texas, American Red Cross, 9/11 Relief, Texas Society/DAR, Wounded Warriors, Boy Scouts of America, Scottish Rite Hospital, Texas Children's Hospital, Cystic Fibrosis Cast for the Cure, and numerous other worthy causes. Sam was chosen as Texas State Artist in 2004, received numerous awards from Texas Outdoor Writers Association and Ducks Unlimited as artist of the year, and had work selected for the 2014 International Watercolor Exhibit. He co-authored *Change of Tides, A Narrative History of the Coastal Conservation Association* - named Texas' best outdoor book of 2000. Sam is also editor of our CCA *Currents Newsletter* since its inception in 1982, help start and edited *Gulf Tide Magazine*, *Tide Magazine*, started the *Rising Tide* youth organization, and collaborated on an award winning video, *The Endangered Crescent* in 1991.

Sam has three fine children, served as Scoutmaster and little league manager during his children's youth. Sam served as GCCA's first Vice President and a Northeast Houston Chapter President. Sam loves to swap stories, you can contact him at sam@samcaldwell.com

Please join us in thanking Sam Caldwell for his continued efforts in conservation and the promotion of responsible sport fisheries, as DallasCCA recognizes him as our *Conservation Sportsman of the Year*.
